# SensaTronics
## ENVIRONMENTAL SENSING

# SENTURION
## Rack-mount Environmental Monitor

## FEATURES

- Built in temperature, humidity, and ambient light.
- 8 RJ12 ports for additional probes
- 1.9" color LCD graphics display for on unit interfacing
- Network web interface from remote location
- On unit auditory and visual alerts

*Senturion Rack-Mount Environmental Monitor*

*TWO-YEAR LIMITED WARRANTY*

## OVERVIEW

1. ***Self contained:*** The unit has built in temperature, humidity, light level, and noise monitoring allowing for ease of installation and basic rack monitoring.

2. ***Firmware Updates:*** The unit will be able to retrieve firmware upgrades via the internet, thus allowing for easy to add on features and patches.

3. ***Built in Cable Management:*** Our design has effortlessly matched form and function to allow for simple cable management and access to the unit thus easing the installation process and limiting the impact to your current rack organization.

4. ***Additional Monitoring Capacity:*** Senturion has the capacity to receive up to 8 additional inputs for improved monitoring of a number of potential threats.

5. ***Currently Available Probes Include:***

- Standard and Heavy Duty Temperature Probe
- Cryo Temperature Probe
- High Temperature Probe
- Wetness Probe
- Power Presence Probe

## TECHNICAL SPECIFICATIONS

*Accuracy:* Determined by individual probes (typically 0.5 °F)

*Resolution:* 0.1°

*Measurement Interval:* Customizable
*Units Selectable:* °F, °C
*Power supply:* 120 VAC @ .25A
*Exterior Dimensions:* 1U Rack-mountable Chassis
48.26 cm x 10cm x 4.5cm
*Computer Interface:* Ethernet
